

## UFCW Remembers Carl Huber

Carl C. Huber, former Executive Vice President, UFCW Executive Board member, and Director of the Collective Bargaining and Negotiated Benefits Department, passed away last week.

A native of Scranton, Pa., Huber first joined the union in 1956 while working as a clerk at A&P. He became a shop steward and beginning in 1964, served as an International Representative for the Retail Clerks, one of the UFCW's predecessor unions. He rose to become a Regional Coordinator, Assistant Director, and President of UFCW Local 21 in northern New Jersey.

In 1984, Huber was named Deputy Trustee of UFCW Local 23 in Pittsburgh, Pa. He was elected President of Local 23 in 1986 and served until 1992.

Huber was elected to the union's Executive Board as an International Vice President in 1992, and served as Director of the UFCW's Retail Division.

In 1994, Huber was elected Executive Vice President. Huber oversaw organizing and collective bargaining efforts for Regions 1, 2, 4, 6, and 7. He also held various offices with central labor councils and state federations.

"Carl Huber developed strategies and coordinated programs that touched the lives of thousands of UFCW members," said UFCW President Joe Hansen. "With his passing, the UFCW family and all of labor lost a champion for workers rights." **OP**

## House of Raeford Warehouse Workers Join Local 204

Warehouse workers at the House of Raeford poultry processing plant in Raeford, N.C., voted overwhelmingly to join with their UFCW brothers and sisters and take charge of their own lives through a voice on the job and a union contract.

Though many workers at House of Raeford were already UFCW members, the warehouse workers were previously not represented by the bargaining unit at the plant. Together, they stuck it out for their right to be included, despite pressure from management. **OP**

Office Solutions-USA supplies Sharp copiers and printers within a pricing structure designed specifically for unions and their affiliates. Office Solutions-USA workers are represented by the UFCW. UFCW International recently saved approximately \$70,000 by replacing the International’s copiers through their exclusive program. UFCW International recommends their services to local unions seeking to replace copiers or printers.

“We would sincerely appreciate the support of the UFCW regarding this program. Let’s merge towards the common goal of helping the UFCW membership grow. Again, this is my way of showing my appreciation for what the UFCW does for working people,” said Rodney Eitland, CEO of Office Solutions-USA.

The program allows for local service at approximately 600 Sharp service stations throughout the United States coupled with remote diagnostic services with a 2-4 hour

response time. Office Solutions-USA will coordinate the delivery and installation of new equipment as well as the buyout of any existing contracts.
